Service Program France
PSMS One-off – WebPayment (MT billing)

Table of Contents

1 Service Flow & Description 2
2 Advertisement, Message and Other Elements 3

1 Service Flow & Description

No.	Service Element	Service Flow Description	Rate
1	Web page discovery	End user discovers service on the web page where he/she is instructed to send keyword to short code.	-
2	MO keyword	End user sends message with keyword to the short code. Message is forwarded to Service Provider. **NOTE1: Operators in France do not send real MSISDN, instead encrypted MSISDN is forwarded to Service Provider. Encrypted MSISDN is valid for 2 months but user session is valid only for 24 hours.** **NOTE2: Billing on Orange is performed through money reservation on MO message and payment is confirmed with "premium" MT message. If no "premium" MT message is sent within 24h - money is returned to end user account.**	Standard
3	MT content message	Service provider sends message with content (for example payment code). Message is forwarded to end user. If required, user enters payment code on the web page in order to access restricted content.	Premium
4	Message delivery report	NTH receives delivery notification indicating status of MT message delivery state and forwards it to Service provider.	-

2 Advertisement, Message and Other Elements

Service program must comply with all valid regulations within the country. Depending on service there are different elements that must be fulfilled and archived/stored in case of customer or operator complaints. Below are stated and described all such mandatory elements.

Misleading advertisement is strictly forbidden.

End user prices

The price point for one-time services is 4,50 €.

There is a limit of 50€ in total daily per user per short code that can be spent on premium services.

Service advertising

Webpayment service can be advertised on web page where user gets instruction to send message with keyword to the short code.

Following information needs to be provided when advertising the service (on the web page):

- Service name and short description of the service
- Service price each time short code is used:
  - Exactly in form "[price incl. VAT] EUROS par SMS + prix d'un SMS" or "[price incl. VAT] € par SMS + prix d'un SMS"
  - Pricing information must be clearly visible
- Customer Care hotline and e-mail (both in French)

Service content

NOTE: Bouygues does not approve services that don't have downloadable content.
Adult content is not allowed.

Landing page

1. at the top of the LP: the commercial name and logo of the service
2. the essential characteristics of the service must be presented in a clear, legible, intelligible, transparent and exhaustive manner. (e.g. [service name] is a service published by [service provider name] which allows you to view all the videos in our catalog in 8K format, unlimited for one month.)
3. image of what the user will access to
4. the wording on the button must be: 40% of the size of the button, in the same size, same font, all capital letters and all on the same line (e.g. "CONTINUER ET PAYER")

The wording used on the button must be one of the following:

- Valider le paiement
- Confirmer le paiement
- Acheter
- Payer
- Continuer et payer
- Continuer et acheter

5. the price information must be attached to the button, below it, with a size at least equal to one-third of the button's height.

If the short code is not mentioned, the pricing information must be 50% of the button's text.

Possible formats for the price:

- 4,5 EUROS + prix SMS
- 4,5 EURO + prix SMS
- 4,5 € + prix SMS

The rate must be displayed in Arial, Calibri, Verdana or Helvetica font. The rate must be displayed with a contrast (relative to the background) of at least 80%.

6. SMS+ logo

7. description of the service with the precise number of content, if it is [un]limited, is it online or downloadable and the duration; the price of the service; how to activate the service; indication of the cost of accessing the service; "by continuing the payment process the user agrees the Terms and Conditions"; indication how to contact customer support (phone number or email); the name of the content provider, content provider address and the country, hyperlink to the T&C; hyperlink to the site www.XXXXX.fr (XXXXX being the short code)

Example (ENG): The service offers you more than 50 sports training videos to help you get back into shape. It costs 4.50€ for unlimited online access to videos for 30 days. This is a one-time fee. Activation of the service: Please send an SMS with the text KW to SC. By activating the service, you confirm that you have read the Rules. Fees do not include mobile Internet usage. Help: call cuc number Monday to Friday 9:00 to 18:00 or email cuc email. Content provider, Content provider address, country.

NOTE: The customer care email that must be used is **plainte.XXXXX@allopass.com** (XXXXX = short code e.g. **plainte.84072@allopass.com**) and the customer care number: **+33 1 71 25 55 55**

8. hyperlink of Terms and Conditions

9. hyperlink www.XXXXX.fr (XXXXX = short code; e.g. www.84072.fr)

Example of Landing page:

Short service description. Après l'achat de Service name, l'utilisateur a la possibilité de jouer à tous les jeux en ligne en illimité pendant 30 jours. Le prix du service est de 4.50 €. Il s'agit de frais uniques. L'Activation du service : Veuillez envoyer un SMS avec le texte KW au SC. En activant le service, vous confirmez que vous avez lu le Règlement. Fournisseur de services Content provider, Content provider adress, country.

Conditions générales de vente **www.SC.fr**

SMS+ logo

Example of wording on the button

Example:	English translation:
VALIDER LE PAIEMENT	Confirm payment
CONFIRMER LE PAIEMENT	Confirm payment
ACHETER	Buy
PAYER	Pay
CONTINUER ET PAYER	Continue and pay
CONTINUER ET ACHETER	Continue and buy

Content message

In case the access code is supplied in MT message, it is not allowed to send a link with the code already filled in. Content message has to have:

- Pricing info in the form: "[PRICE] EUROS par SMS + prix d'un SMS" or "[PRICE] € par SMS + prix d'un SMS"
- Info that the service is NOT a subscription

Example:

"[Service name] [Service provider name] 4,5€ + prix SMS(ce n'est pas un abonnement) [content page URL] Problème? plainte.XXXXX@allopass.com"

English translation:

"[Service name] [Service provider name] 4.5€ + SMS price(this is not a subscription) [content page URL] Problem? plainte.XXXXX@allopass.com"

Other services such as SMS chat, SMS games, polls, dedications, SMS2TV, SMS2Radio: MT messages must include only the price of the service

Example:

"Merci por ton message. (1.50 EUR + prix sms)"

English translation:

"Thank you for your message. (1.50 EUR + price of SMS)"
